

# Americare

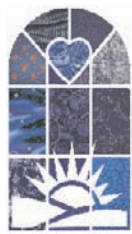

Consisting of skilled nursing, assisted living, and Alzheimer facilities, Americare was divided into three separate divisions, each branded separately. In addition, we changed the names of all 80 of its facilities. The entire advertising campaign was based on the quilt. Representative of the very nature of the business with their hand-crafted attention to detail, quilts mirror the warmth and colorful nature of the company. It's small town Americana at its best. And that's Americare.
